# BEFORE EVENT:

1

You provide your logo and work with us to select graphic images for your event  
(our library consists of thousands of designs- [CLICK HERE](#) to see it)

2

We lay out the images

3

You approve them

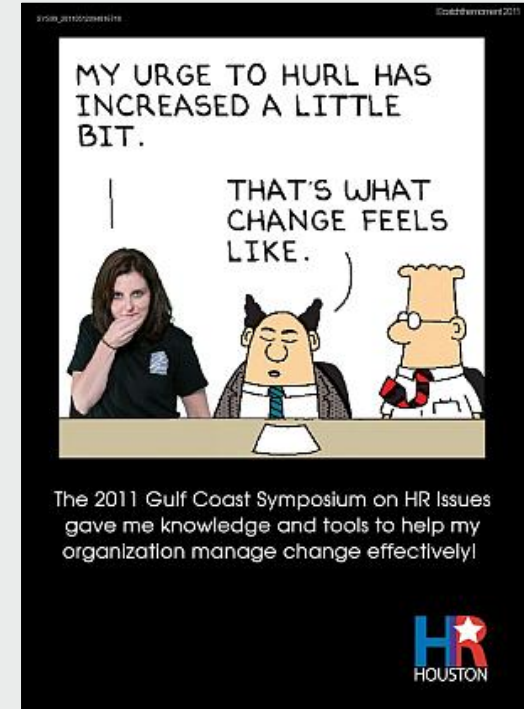

Usually, most events have about 3 or 4 images designed for them. You can have new images designed for your event or for a more cost-efficient option- choose from existing graphics in our library.

# GREEN SCREEN BACKGROUNDS

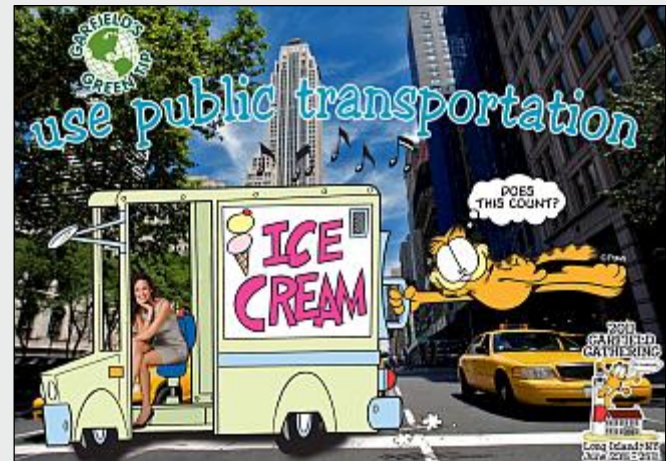

Goal is to create an image that ties in with the theme of the event and produces impactful branding. The design always includes the organization's logo.

# GARFIELD

We are also an official licensee of Paws, Inc. allowing us to create custom graphics using Garfield. Please note that Garfield graphics for your event need to be approved in advance and carry an upcharge.

# SETUP

Green screen truss setup fits neatly into a 10 X 10 area of the event setting, with a nearby prop tree to add even more fun for guests.

# DURING EVENT:

Attendees have their photo taken in front of the green screen

Photo is taken by a professional and engaging Catch the Moment photographer, not an employee of a staffing agency.

# AFTER EVENT:

Electronic versions of the photos are made available online on a page custom-branded for your event, with sharing options to various social media outlets...

If you prefer posting them somewhere else, we can accommodate. Or if you prefer not to post any photos electronically at all, that's fine too.

# LONG AFTER EVENT:

The event and your brand are kept alive in social media!

When someone uploads their photo to Facebook from our PhotoPlus<sup>®</sup> gallery, it appears on their wall and can then be shared with friends, as noted by the arrow.
